SOS

SUPPORT OUR SOLDIERS

"Who cares wins!"

Once in a while, the opportunity to become involved in making a difference presents itself. Currently there are eight thousand brave young men and women involved in the theatre of combat overseas.

Yes, it's their job and, yes, they get rewarded for doing it. Should we therefore just forget them? Of course not.

Already a host of local businesses, big and small, has come on board to support SOS and this month sees the launch of the Business Awareness Campaign.

You and your business can help by getting involved in a number of ways. By doing so you can really make a difference to someone's life.

You too could be a winner, remember -
"*Who cares wins!*"
